

WEDDINGS

at President Lincoln's Cottage

A SCENIC AND HISTORIC SETTING FOR YOUR SPECIAL DAY

Built in 1842, this Gothic Revival-style mansion became a sanctuary for sitting U.S. Presidents in the 19th century. While in residence, Abraham Lincoln made momentous decisions that defined his presidency—and where he drafted the Emancipation Proclamation.

This inspiring home features handsome woodwork, marble fireplaces, an inviting veranda, and expansive lawns bordered by impressive trees, including a large Osage orange and magnolia. Our spaces can easily accommodate intimate nuptials as well as large receptions.

All event packages include ample free parking, on-site museum staff for cocktail hour, and more! Our spaces are also ADA accessible. Rental blocks include setup and breakdown time — in most cases resulting in two hours of setup and one hour of breakdown. The Robert H. Smith Visitor Education Center and exhibits remain open for guests to enjoy at their leisure.
